

An Acknowledgment of Sin

I, _____, confess and acknowledge my guilt in the following serious sins in violation of the Word of God and of the profession of the Reformed

Presbyterian Church of North America and of the Ordination Queries that I have taken in the

name of the Lord:

1. Exercising/allowing regular influence of an undue, excessive, and improper nature, involving a series of conflicts of interest, which showed deference to the interests of the offender, while disadvantaging the victims in this case.
2. Failing to notify the congregation of the abuse case adequately and promptly.
3. Neglecting to maintain a promised child supervision plan for the members of the congregation, providing some with a false sense of security, while offending others by not keeping their word.
4. An overall lack of urgency and care promoted disunity within the church body, fostered distrust of the elders, denied the victims equal access to the deliberative process, and caused them actual injury.
